About

The Woskob Family Gallery is a space for contemporary, socially engaged arts in downtown State College, PA. The gallery features a running series of exhibitions and programs by local and visiting artists. Our mission is to forge new relationships between the University and local communities and increase the perception of downtown State College as a cultural destination.

The gallery is committed to fostering inclusive excellence and is diligently working to build a stronger foundation for diversity, equity, inclusion, and belonging in partnership with Penn State's initiatives in this area. Through partnerships with State College Borough and arts and cultural organizations, we seek greater local investment in arts and culture projects.

The gallery is run by Penn State's College of Arts and Architecture, with generous support from the Borough of State College.
