

AT A GLANCE

A&A STRATEGIC PLAN 2020-2025

MISSION

The College of Arts and Architecture prepares artists, designers, scholars, teachers, performers, and professional practitioners to further research and creative activity; to interpret and preserve cultural heritage; and to engage communities of the Commonwealth and beyond.

VISION

To be nationally and internationally recognized as scholars, innovators, and practitioners who integrate arts and design research, creative practice, and transformative learning and teaching, in order to investigate, inspire, and improve cultural, social, and environmental conditions.

GOAL 1

Create transformative arts and design opportunities and experiences.

- + Increase outreach and engagement opportunities and experiences for students.
- + Increase need-based and merit-based financial support for our students.
- + Provide curricular opportunities to enrich, deepen, and catalyze social awareness.

SUSTAINABLE DEVELOPMENT GOALS

GOAL 2

Establish a culture of anti-racism, anti-oppression, and equity through our values, standards, ideals, policies, and practices.

- + Ensure the College upholds anti-racist and anti-oppression standards and ideals within its curricula, procedures, and policies.
- + Revise curricula so that every student in the College will have taken at least one anti-racist/anti-oppression course as a graduation requirement.
- + Commit to increasing anti-racism and anti-oppression programs.

SUSTAINABLE DEVELOPMENT GOALS

GOAL 3

Advance innovative practices in teaching and learning, research, creative activity, performances, and professional development.

- + Increase student success and cultivate global citizens while being responsive to changing societal needs and values.
- + Assess existing and new initiatives for sustainability, equity, social relevance, and innovation.
- + Prioritize the use of digital technology to create a flexible, responsive, and resilient future.
- + Adopt responsible curricular practices while modeling effective pedagogical design.
- + Expand learning and professional development opportunities.

SUSTAINABLE DEVELOPMENT GOALS

GOAL 4

Develop strategic alliances, partnerships, and collaborations to broaden impact and promote a culture of research and creative activity.

- + Intentionally and strategically increase revenue generation within the College of Arts and Architecture.
- + Build partnerships, collaborations, and practices in research, creative activity, and the curricula.
- + Enhance the impact of the College's work in sustainability through communications, outreach, research, creative activity, and engagement.
